HEATHER GAUTHIER

HEATHER GAUTHIER

Heather's style is the culmination of her experiences and influences in urban and rural settings.

She often paints with interior in mind and she has been especially influenced by vintage and modern graphic and textile design.

Painting many subjects, her popular animal portraits might be considered 'anthropomorphic realism', in which animals of all varieties pose with flowers or objects and are foreground on damask style backgrounds.

Heather is a professional artist working from her home studio in San Antonio, Texas.

After a decade of living in Chicago and then South Africa, she and her husband and two boys settled in Texas and in 2015, Heather began painting full-time. Since then she has shown in galleries in Napa, Aspen, Santa Fe, Austin, New Orleans, Atlanta and even Singapore.

LUCIAHEFFERNAN

LUCIA HEFFERNAN

Lucia Heffernan delights in playing with animals, narratives, imagery, and humor, bending reality to create work that seems almost possible. Her art invites viewers to reflect on their own reality.

Through her art, Lucia transforms everyday human experiences into an alternate universe where animals engage in human activities, like reading or making grand romantic gestures. Her work humorously celebrates human existence.

As a graphic designer and artist, Lucia experiments with contemporary realism, balancing her artistic sensibilities, technique, and humor. She consistently respects the animals that inspire her and strives to bring a smile to every viewer's face.

RONALDWEST

RONALD WEST

Ronald Martin West was born in Stellenbosch, Western Cape, in 1974. From childhood Ronald has shown a keen interest in art. His formal art training only started in high school, when he joined the PJ Olivier Art Centre from 1989 to 1992, with sculpture as the main subject. Ronald matriculated from Paul Roos Gimnasium, Stellenbosch, South Africa in 1992. In 1993 he started studying at the Cape Technicon Graphic Design Department.

One night in early 2003, Ronald had a vivid dream, almost a calling. He bought his first art easel the very next day, paint and accessories, and started painting without any formal painting experience. Ronald painted at every chance he was given. Soon after a well know gallery in Cape Town discovered him and offered a solo exhibition. The exhibition was a sold out, and since then, Ronald was represented by numerous South African galleries.

Ronald paints about 3 to 5 works a month, and only works in oil. His subject matter concentrates on the Mediterranean life style, and the dream world, and mainly his well know plump, fun ladies. And don't forget the black cat in all his paintings.
