## HEATHER GAUTHIER

# HEATHER GAUTHIER

Heather's style is the culmination of her experiences and influences in urban and rural settings.

She often paints with interior in mind and she has been especially influenced by vintage and modern graphic and textile design.

Painting many subjects, her popular animal portraits might be considered 'anthropomorphic realism', in which animals of all varieties pose with flowers or objects and are foreground on damask style backgrounds.

Heather is a professional artist working from her home studio in San Antonio, Texas.

After a decade of living in Chicago and then South Africa, she and her husband and two boys settled in Texas and in 2015, Heather began painting full-time. Since then she has shown in galleries in Napa, Aspen, Santa Fe, Austin, New Orleans, Atlanta and even Singapore.
